PREFACE

National Education Policy 2020 envisions an India-centric education system that contributes directly to transforming our nation sustainably into an equitable and vibrant knowledge society by providing high-quality education to all.

Clinical Legal Education and advocacy skills are becoming the critical determinants of a country's economic, social & political growth and standard of living, as learning outcomes are aimed at enabling the society towards access to justice. Keeping this avowed objective in mind, Vignan's university has taken a proactive step, in a mission mode, to introduce curriculum for B.A.LL.B. (Hons.) & B.B.A.LL.B (Hons.) in order to accommodate the future skill needs of the young lawyers. A curriculum model was designed as a result of brainstorming sessions carried out with cross sections of legal education stake holders such as eminent academicians, lawyers, judges, employers, Government authorities and Bar Council of India.

The main characteristics of the R22 curriculum are:

1. The curriculum satisfies all criteria of the model proposed by stakeholders. It is futuristic; gives a holistic treatise of legal knowledge and advocacy skills and facilitates clinical legal education. While defining the course content and objectives of each course, it has also made clear identification of the learning outcomes, defined it in terms of the knowledge students would gain in respective areas of specialization.
2. It offers choice for the BALLB(Hons.) & BBALLB(Hons.) students to select and excel in different specializations such as Corporate Law, Constitutional Law, International Law & Intellectual Property Rights Law. While other categories are, in general, offered by other institutions, training programme for inculcating mooted & advocacy skills offered by District Legal Services Authority, Legal Aid Clinic and MOOCs courses are some of the key innovations introduced in Vignan's R22 curriculum for B.A.LL.B (Hons.) & B.B.A.LL.B (Hons.) students.
3. Though the main purpose of the curriculum is to accommodate the learning needs of a majority of students admitted, it also accommodates the learning needs of slow and fast learners. The well designed curriculum is properly supported, by the teaching, learning and evaluation processes, in its implementation. A collaborative learning environment is created through LMS like Moodle.

The R22 curriculum is designed with explicit legal knowledge and advocacy skills components and built in activities to enhance the experiential learning and offers flexibility to suit learning capabilities of the diverse kinds of learners. Effective implementation of R-22 will bring out and improve the talents of our students, which is the primary aim of R-22 Regulations. I am sure this R-22 curriculum and Regulations of VIL, VFSTR will create more talented, industry ready lawyers and judges in the following years. Jai Hind!

FOREWORD

Vignan's Foundation of Science, Technology & Research (VFSTR) has played a vital role in arena of Science & Research and has had a significant influence in transforming technical education in India since its establishment. However, access to quality legal education in India is still limited, and we at Vignan's Institute of Law (VIL), a constituent body of VFSTR, are working towards making legal education more accessible, diverse, equitable and inclusive. We aim to shape students as socially conscious, emotionally intelligent and empathetic lawyers and work towards community service, nation building and strengthening democracy, and provide access to justice to all.

Vignan Institute of Law, a relatively new law school on the horizon of other premier law schools in the country, aims to become the nursery for lawyers who play a pivotal role in society. Justice is the fountainhead of any civilised society, and fortunately, our country is rooted in the rule of law. The role lawyers can play in our future can thus not be overemphasised. At VIL, it is our objective to inculcate values such as courage, abilities to analyse, research and the spirit of inquiry. We are blessed with a world-class faculty, and have been constantly working towards building a congenial environment and robust and modern infrastructure, so that we can achieve the objectives.

At VIL, we understand that the world is in urgent need of intellectual, professional and political attention, and we believe that our students will rise to that call. We are committed to providing students with the knowledge, tools and facilities required for them to be at the forefront of tackling the social and moral problems of the day, while helping them lead the complex transformation that current environmental and socio-political challenges pose for our societies, especially in the developing world.

I encourage you to spend some time to learn more about VIL, its students, faculty and all that it has to offer.

EXECUTIVE ABSTRACT

VIGNAN Institute of Law (VIL), a constituent institute of Vignan's Foundation for Science, Technology and Research (VFSTR) is offering 5 years integrated BBA.LLB (Hons.) program consists of **244 Credits**. R22 - Academic regulations, Curriculum and course contents, is an articulation of the VFSTR deemed to be University's commitment towards NEP-2020, with a view that it enables student(s) to maintain the spirit of continuous learning and continuous assessment to replace the normal tendency of preparing just before a test or an examination. The proposed framework accomplishes multi-disciplinary holistic education and continuous assessment.

R22 is oriented towards multi-disciplinary holistic education at the undergraduate level that includes integrated and rigorous exposure to humanities, management, and clinical legal domains, as well as sufficient flexibility in curricular structures that allow students to choose honour courses i.e., Constitutional Law, Corporate Law, Intellectual Property Rights and International laws. Such holistic and diverse education will assist the candidate in transforming into all-rounded persons. Similarly, in line with NEP-2020, more weight will be given to continuous/ formative assessment, which is an Integrated learning model comprising Learning – Thinking – Understanding – Skilling – Applying – Creating. Emphasis on continuous formative assessment with a creative summative assessment will facilitate the candidate to “Move away from high stake examinations – towards more continuous and comprehensive evaluation”.

5.3.1 Formative Assessment

The scheme of formative assessment is designed to promote the continuous learning. Scheme consists of assessments planned at institute level and assessment that may be scheduled by the course instructor (Figure 3). Institute level assessments shall be scheduled by the office of AAA.

Respective Faculty Member(s) shall declare the schedule of the following:

- Article Or Report

- b) Research Paper
- c) Moot Court Memorial
- d) Project Report
- e) Case Comments
- f) Internship Report
- g) Report on Debate/Quiz Competitions/ Legal Aid activities etc.

Some of the components may also however take place in an unscheduled manner like Surprise Tests. However, students shall be made aware of the assessment modalities that are going to be followed in a course by the faculty, under information to the HoD.

To monitor the progress of students, continuous assessment comprising of five targets (T1, T2, T3, T4 and T5) is advocated in each module for a maximum of 60 marks. For a class (or section) of 60 to 70 students, formative assessment commences by the announcement of module bank containing 10 problems for each module in a course. Nature of problems in the module bank shall be at the level of creative / exploratory / design / thought provoking covering the complete syllabus of a module at somewhat advanced / challenging level.

The purpose of creating module bank of 10 problems is to assign one problem each to 2 batches of 3 - 4 members. The batches are composed of randomly picked up candidates. These batches remain same for all courses and also for the P-sessions in the courses in that semester and are created in the beginning of that semester.

The purpose of assigning one problem to two batches is to create a healthy competitive spirit between the two batches.

The modality of evaluation of five targets is listed here under:

- a) T1:** During 5th or 6th week of each module a classroom test shall be conducted. T1 consists of two parts: A and B.

Part A consists of one random problem from the module bank and varies from batch to batch. All the questions in the module bank shall be distributed among students and students shall know the question to be answered only on the day of test in the assessment hall.

Part B consists of one common problem at fairly application/ advanced level (**not at all prior notified**) from outside the module bank for all the students.

T1 shall be paper based and proctored test for a period of 60 min (maximum) which shall be assessed for 30 marks and downscaled to 10 marks.

For the students who for justifiable reasons could not attend the classroom test on the scheduled day, a re-test maybe conducted. However, Part-B will contain a new question and Part-B will have higher weightage than part-A or full weightage could even be allotted for Part-B in such an event.

- b) T2:** Immediately follows T1. Students in a specified batch who now have received the same question during T1 will work further on that problem for T2.

T2 is primarily an extension of problem received in T1 for carrying out validation study: Case studies / Project Assignments. Each batch shall interact with the course instructor to finalize the nature of validation and expected to complete the exercise within 10 to 15 days after T1.

Course instructor should ensure assigning a different case study /project assignments for each batch in case the same problem is assigned to two batches.

Course instructor shall assess every student in a batch for a max. of 10 marks based on his research, interaction and/or reviewing (based on at least two reviews).

- c) T3:** T3 shall be conducted during the last week of each module. Student batches are expected to submit a report, clearly documenting the work executed during T2. The report should be in IEEE / APA format and additionally a voice in-built PPT should be prepared and submitted.

The report and presentation shall be assessed by the course instructor for 10 marks for every student. In certain cases, a course instructor can call for a physical presentation also by a batch.

- d) T4:** T4 is a comprehensive module test, conducted for 30 min. comprising of 20 multiple choice questions (MCQs) covering the holistic content of module. T4 shall be evaluated for a max. of 10 marks @ ½ mark for each question. T4 will be conducted in ON-LINE mode.
- There shall be two tests in each course in a day and the best performance of the tests shall be considered for awarding the marks.
- Two sets of question papers each containing 20 questions should be set. The theme of the questions could be similar across the sets. When the test is administered online, every student receives the questions in shuffled sequence and also the choices in shuffled sequence. Therefore, the choice like both 'a' & 'b' above. Neither 'a' nor 'b', all the three a, b, c will not be set.
- e) T5:** T5 assessment is based on Project assignments. Implementation, Report presentation and Discussion shall happen in a continuous mode throughout the module period.
- At least 4 such Project Assessments (PA) / assignments per module shall be conducted by course instructor. The marks will be @ 5 marks per assignment totaling up to 20 per module.
- f)** The scores of the targets are to be normally announced within three working days on completion of the assessment and the performance is to be discussed in the class.
- g)** The total marks per module is 60 - T1 (out of 10), T2 (out of 10), T3 (out of 10), T4 (out of 10) and T5 (out of 20).
- h)** Total marks for both the modules from formative assessment will be added up to 120, which will be **suitably mapped down** to a max. of 60 marks. The mapping policy should be decided by the lead instructor / instructors in consultation with the HoD. The mapping policy should be shared with Dean AAA for the purpose of documentation.
- i)** The marks scored in Module-1 for a max. of 60 should be entered / submitted latest by 9th week and of Module-2 latest by 17th week of the semester. Consolidated score of for a max. of 120 **suitably mapped down** to a max. of 60 marks should be submitted latest by 18th week of semester enabling the declaration of 'R'- grade before the commencement of summative assessment.
- j)** A candidate put under 'R' will not be permitted to take up the summative assessment.

5.3.2 Summative Assessment

- a) For each L-based course integrated with T/P, the summative assessment shall be conducted by the Institute for a duration of 150 min. and for a maximum of 80 marks. Contents for summative assessment shall cover the breadth and depth of the complete syllabus that is mentioned in the two modules of a course.
- b) The question paper for end-semester theory examination consists of two parts as given in Table (2).

PartNo.	No.ofQuestions	Marks for eachQuestion	Marks	Choice
A	4	10	40	No
B	2	20	40	No
TotalMarks			80	

Table-2: L-based Summative Assessment Question Paper Pattern.

- e) The questions will be comprehensive covering the entire course syllabus and any single question should not necessarily be limited to any particular unit / module.
- f) The marks scored out of 80 is **suitably mapped down** into a score out of 40.
- g) Total marks of summative assessment will be for a max. of 40 irrespective of format of evaluation.
- h) The award of 'I' grade is solely based on marks scored in summative assessment out of 40, if he/she does not score a min. 14 out of 40 (35%).

5.4. Assessment of optional & clinical courses

A Research Thesis report based on the research carried out by the student during the concerned semester under the guidance of faculty supervisor is to be submitted by the end of the semester as mentioned below.

5.4.1 Formative Assessment

Schedule	Review	Points to be considered	Max. Marks

5.4.2 Summative Assessment

At the end of the semester, during 16th to 18th week of the semester the summative assessment will be conducted in two phases.

Phase-I (during 16th -17th week): This is an evaluation for a max of 20 marks. A committee of two members comprising of HoD's nominee and Guide will assess the Research Report which will involve going through the report (6 marks), Research presentation (7 marks) and demonstration of the research work (7 marks).

Phase-II (during 18th week): A final presentation and defense assessment for a max. of 20 marks will be carried out by one-man committee composed of an external expert who is chosen by the Dean AAA from a panel of examiners suggested by the HoD. The format for evaluation will involve going through the research report's quality (6 marks), presentation (6 marks) and interaction and defense (8 marks).

The qualifying marks will be finalized considering the marks scored in both the phases (I & II) of summative assessment.

In case the candidate is placed in 'I' grade, he/she has to appear for both Phase-I and Phase-II assessments, which will be held within the 15 days after declaration of results. In the consecutive assessment also if the candidate fails to secure min. required score then he/ she will be placed in 'R' grade.

5.4.3 Distribution of Marks for Clinical Courses

This will be recorded in the diary, which will carry 15 marks.

(iv) The fourth component of this paper will be Viva Voce assessment on all the above three aspects. This will carry 10 marks.

5.5 Assessment of end-semester internship

Internship is compulsory after each semester. Before going on Practical training/Internship, a student must register for the same with the Internship Coordinator. A report in the specified format must be submitted within 14 days of the regular semester immediately following the training period. Students shall present the report before the Internship Coordination Committee convened by the Internship Coordinator. Completion of minimum 6 Internships/practical training (out of 10) is mandatory for the award of the Degree as prescribed by the Bar Council of India. However, it is advised to complete all the internships. Grades obtained in best 6 Internships (out of 10) shall be accepted for the purpose of overall assessment.

5.5.1 Formative Assessment of Internship

A detailed assessment sheet shall be forwarded to the concerned Advocate to assess the performance of the student during internship. Criterion for assessment shall be formulated in consultation with office of Dean, AAA. In addition to that, a committee of law teachers shall be constituted to assess the internship report by conducting viva voce as per Table (4) below.

5.2.2 Summative Assessment of Internship

A committee of law teachers shall be constituted after the completion of the internship to assess the performance by conducting viva voce (Out of 40 Marks).

6. SEMESTER-END ASSESSMENT ACTIVITIES

- 6.1 Setting of semester-end summative assessment question papers will be coordinated by the lead instructor assigned for a particular course. Two sets of question papers will be submitted latest by 12th week of the semester.
- 6.2 There shall be 'Summative Assessment Question Paper Scrutiny Committee' which would be constituted with external experts. Experts are empowered to modify / rephrase the questions to maintain a high standard of the semester-end assessment. The review should be completed by the 14th week of the semester. The review process will be coordinated by the office of Dean AAA.
- 6.3 The question wise marks scored in the summative assessment out of a total of 80 will be made available online within two weeks from the last date of assessment and would be kept active for 24

hours. Latest by the end of 48 hours from the instant of notification any candidate can submit an appeal online providing question wise claim.

6.4 The appeals will be attended within next three working days. Fees for appeal, as decided from time to time, has to be remitted online along with the appeal.

6.5 Final results and grades will be computed as explained in the next section.

6.6 Final results and grades shall be announced within four weeks of completion of the last assessment of the summative assessment (within two weeks from the last date of appeal). Grades are published on the University website, and also informed to the parents and students through SMS.

6.7 Provisional Grade cards will be issued within two weeks after the announcement of grades. Grade card will contain three parts. Part 1: Details of successfully completed courses. Part 2: Details of 'I' grade courses. Part 3: Details of 'R' grade courses.

7 COMPUTATION OF GRADING

7.1 Formative assessment decides the list of 'R'- candidates. Therefore, these candidates will not be considered for grading computation. Summative assessments decide the list of 'I' candidates. Therefore, these candidates will not be considered for grading computation.

7.2 The candidates who have successfully completed both formative and summative assessments will be considered for computation of relative grading.

7.3 Threshold value (**Th**) for relative grading in each course is arrived after studying the marks distribution in that course by a committee constituted by office of Dean AAA. The threshold value is decided by the upper bound marks of the major chunk of the class keeping the top outlier scores away from consideration (the least upper bound). The threshold value will be slightly greater than upper bound marks or may be equal to the upper bound marks.

7.4 The total marks M = marks scored in the formative assessment + marks scored in the summative assessment are transformed into relative grade expressed accurate to two decimal places as follows:

$$\text{Relative grade point (P)} = (M/Th) \times 10 \text{ [and limited to 10]}$$

7.5 If students require course wise percentage equivalence, then the calculation will be based on the following

$$\text{Course wise percentage equivalence} = (M/Th) \times 100 \text{ [truncated to two-digit integer and limited to 100]}$$

7.6 After relative grading, a student is assigned a 'Letter Grade (G)' for each course as per Table (5). The grade and the corresponding letter grade represent the outcomes and assessments of a student's performance in a course.

Relative Grading Range (P)	Category	Grade (G)
≥ 9.50	Outstanding	O
≥ 8.50 to 9.49	Excellent	S
≥ 7.00 to 8.49	Very good	A

≥ 6.00 to 6.99	Good	B
≥ 5.00 to 5.99	Fair	C
≥ 4.00 to 4.99	Marginal	D
Transitional Grade	Repeat	R
Transitional Grade	Incomplete	I

Table 5: Grading information

8. SUPPLEMENTARY ASSESSMENTS

- 8.1 The supplementary assessments shall be conducted once in summer semester. Notifications will be released by the assessment section informing the students about registration procedures, details of fee and timetables. Apart from these assessments the students who have courses with 'I'-grade can also write the supplementary assessments along with regular semester-end assessments of that academic (Odd / Even) semester.
- 8.2 Whenever a candidate clears courses with 'I' grade in a supplementary assessment that are conducted during a regular semester, the Threshold value for computing his / her grade will be obtained from the same batch in which he / she had completed his/her formative assessment.
- 8.3 Whenever a candidate clears courses with 'R' / 'I' grade in a summer semester, the Threshold value for computing his / her grade will be carry forwarded from the preceding Odd / Even semester for the respective courses.
- 8.4 Whenever a candidate clears courses with a 'R' grade in a regular semester along with his/ her junior batch then for this candidate the Threshold value will be corresponding to his/her junior batch for computing grade.
- 8.5 The results of summative assessment of Project / Internship will be announced only if the candidate successfully earns all the credits in courses registered during the program. If the candidate is with 'R' / 'I' graded courses the results will be kept under '**Announced Later (AL)**' status and will be announced only after candidate clears these courses.

9. GRADE POINT AVERAGE

The Academic Performance of a student in every semester is indicated by the Semester Grade Point Average (SGPA) and finally by Cumulative Grade Point Average (CGPA).

9.1 SGPA

The Semester Grade Point Average (SGPA) shall be computed using the formula given below:

$$SGPA = \frac{\sum_{i=1}^n C_i P_i}{\sum_{i=1}^n C_i}$$

Where

n = number of courses a student successfully completed in the semester under consideration

P_i = Grade points secured for the ith course registered in the semester under consideration.

C_i = the number of credits assigned to ith course registered in the semester under consideration.

9.2 CGPA

The Cumulative Grade Point Average (CGPA) shall be computed after successful completion of the programme.

Accordingly, the computations will be as below:

$$CGPA = \frac{\sum_{j=1}^m C_j P_j}{\sum_{j=1}^m C_j}$$

Where

m = total number of courses prescribed for the completion of the programme

P_j = grade points secured for the jth course.

C_j = the number of credits assigned to jth course

and $\sum C_j = 161$

$\sum C_j = 181$ for CGPA calculations in case of B.Tech. with Research honours

$\sum C_j = 20$ for CGPA calculations of specialization part in case of B.Tech. with honours

$\sum C_j = 181$ for CGPA calculations in case of B.Tech. with honours

$\sum C_j = 20$ for CGPA calculations of minor part in case of B.Tech. with Minor

$\sum C_j = 181$ for CGPA calculations in case of B.Tech. with Minor

$\sum C_j = 20$ for CGPA calculations of Add-on Diploma part in case of B.Tech. with Add-on Diploma

$\sum C_j = 181$ for CGPA calculations in case of B.Tech. with Add-on Diploma

$\sum C_j < 20$ for CGPA calculations of Add-on certification part in case of B.Tech. with Add-on certification

$\sum C_j < 181$ for CGPA calculations in case of B.Tech. with Add-on certification

Percentage equivalence of SGPA & CGPA = (SGPA or CGPA) X10

10. AWARD OF CLASS

The students who have become eligible for award of degree shall be classified based on their CGPA secured, as per the Table (6) given below:

Sl. No.	CGPA	Class / Division
1	8.0 and above	First Class with Distinction
2	6.5 and above but less than 8.0	First Class
3	6.0 and above but less than 6.5	Second Class
4	Less than 6.0	Pass Class

Table (6): Class/ Division information.

- In addition, the 'Chairman's gold medal' and other 'Endowment Awards' are awarded to the 'outstanding students' based on the overall performance which includes academic, co-curricular and extra-curricular activities, campus placements and competitive assessments. A committee appointed by the Vice-Chancellor will recommend the eligible student for the award, selected from the nominations received from the departments.
- In addition, the institution may recognize exceptional performance such as music, dance, sports etc. and display of exceptional bravery from time to time.

In this case, the student shall furnish the transcripts or grade cards, syllabus copies, Educational certificates, and other relevant documents while applying for admission. The Committee constituted by vice-chancellor, will establish the equivalency based on the marks / credits obtained in the courses in the previous institute by following the inter- institutional Credit transfer policy. VIL students also may earn credits by inter- institutional credit transfer.

13. PROMOTION CRITERIA

13.1 Minimum academic requirement
