SPEED POST

F. No. 10-1/2019 (CPP-I/DU)

January, 2020

✓ **The Registrar**
Vignan's Foundation for Science, Technology and Research,
(Deemed to be University),
Vadlamudi, Dt. Guntur,
Andhra Pradesh.

Subject: **Proposal for inclusion in the list of Deemed to be Universities under Section 12 B of the UGC Act, 1956.**

Sir,

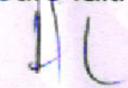

This has reference to the visit of the UGC's inspection Committee to the Deemed to be University during **14-15th November, 2019** to consider 12-B status and subsequent compliance submitted by the University in respect of the observations/suggestions given by the UGC's inspection Committee. The report of the inspection Committee along with the compliance submitted by the University was placed before Committee of UGC members for consideration. The Committee recommended as under:-

"The Committee considered the report of the UGC's inspection Committee along with the compliance submitted by the Deemed to be University.

The Committee decided to recommend approval of 12 B status to Vignan's Foundation for Science, Technology and Research (Deemed to be University), Vadlamudi, Dt. Guntur, Andhra Pradesh subject to the condition that the financial assistance under all UGC schemes shall be limited to those relating to teachers and students only."

The above recommendations of the Committee along with the Report of the UGC inspection Committee were placed before the Commission in its 545th {Item No. 1.02(a)(vi)} held on 19.12.2019. The Commission noted the recommendations of the Committee and the Deemed to be University is included in the list of Deemed to be Universities under Section 12 B of the UGC Act, 1956 subject to the condition that the financial assistance under all UGC schemes shall be limited to those relating to teachers and students only.

Yours faithfully,

(Archana Thakur)
Joint Secretary

F. No- 11-350-2019-NBA

Date: 04-06-2020

To
The Principal
Vignan's Foundation for Science, Technology and Research,
Vadlamudi Village, Chebrolu Mandal, Guntur,
Andhra Pradesh-522213

Subject: Accreditation status of programs applied by Vignan's Foundation for Science, Technology and Research, Vadlamudi Village, Chebrolu Mandal, Guntur, Andhra Pradesh-522213.

Sir,

This has reference to your application I.D. No. **4116-26/09/2019** seeking accreditation by National Board of Accreditation in Tier-I format to UG Engineering programs offered by **Vignan's Foundation for Science, Technology and Research, Vadlamudi Village, Chebrolu Mandal, Guntur, Andhra Pradesh-522213**.

2. An Expert Team conducted on-site evaluation of the programs from **14th-16th February, 2020**. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The competent authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No.	Name of the Program(s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Biotechnology	Tier-I	Accredited	Academic Years 2020-2021 to 2022-2023 i.e. Up to 30-06-2023	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the competent authority, whichever is earlier
2.	Computer Science & Engineering		Accredited (647 marks awarded by the Visiting Team increased to 667 as per the observations made and indicated in the Annexure to this letter)		
3.	Electrical & Electronics Engineering		Accredited		
4.	Electronics & Communication Engineering		Accredited		
5.	Mechanical Engineering		Accredited		

*Observations made during the course of evaluation are indicated in annexure to this letter.

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The programs have been granted accreditation for 3 years. **Vignan's Foundation for Science, Technology and Research, Vadlamudi Village, Chebrolu Mandal, Guntur, Andhra Pradesh-522213** should submit the Compliance Report at least six months before the expiry of validity of accreditation mentioned above to be eligible to be considered by the concerned Committee in NBA for further processing of the accreditation status. This could entail further extension of accreditation or a visit, as deemed appropriate by NBA Committees.

Contd./...

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **Vignan's Foundation for Science, Technology and Research, Vadlamudi Village, Chebrolu Mandal, Guntur, Andhra Pradesh-522213** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously.** Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.

7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.

8. A copy each of the Report of Chairman of the Visiting Team and Evaluators' Reports in respect of the above programs is enclosed.

9. If the Institute is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication giving reasons for the same and by paying the requisite fee.

Yours faithfully,

(Dr. Anil Kumar Nassa)
Member Secretary

Encls: 1. Copy of Report of Chairman of the Visiting Team.

When an opportunity knocks, you must open the door!

MKSSS AIT brings to you the opportunity to learn online. These courses aim to enhance your professional skills and employability. So, enroll today. Admissions closing soon! Hurry up.

Admission Open only for Women

- **PGP in Data Science and Machine Learning**
12 Months Full Time Program in Blended Learning Mode
- **PGP in Business Analytics**
12 Months Weekend Program
- **Learn Power BI/Tableau online in 4 Weekends.**

KEY FEATURES

- Blended learning methodology combining in-person classroom sessions, mentor-assisted online sessions
- In- Class mode
 - Emphasis on theoretical concepts as well lab sessions
 - Special sessions by guest speakers, job opportunities and other opportunities
- Tools Covered: Excel, SQL R, Python, Tableau, Hadoop and NOSQL etc
- Mentor-Assisted Online mode
- Emphasis on case studies, applications of Data Science and domains such as Fraud Analytics, Financial Management and Healthcare
- 24x7 online material in the form of books, research articles blogs, etc. will be made available to the students for self-study
- Deep learning and NLP
- Corporate Collaboration
- Placement Assistance

INTERVIEW

TEJ PRATAP

vice chancellor, G.B. Pant University of Agriculture and Technology, and president, Association of Indian Universities

Biggest transition is the need of the student

BY REKHA DIXIT

Q/ How would you rate the pandemic as a catalyst for change in the education system?

A/ It has given us the confidence that we can adapt quickly to technology. It took the teachers longer to adapt, but they did, ultimately. A lot of systems we have introduced right now are in response to the situation. Not everything will last. But it has made us relook at established beliefs in a new light. For instance, virtual learning aids show that physical attendance in the classroom is not that vital to learning. The classroom lecture should be stimulating enough for the student to want to attend it, instead of catching it online. Indian higher education is going through a bigger transition, the pandemic is only one event.

Q/ Please elaborate.

A/ The biggest transition is the need of the student. We rue that because of poor economic growth, campus recruitments are coming down. But getting a job at the end of the degree is no longer the outlook of many students. The idea that an MBBS

graduate should go into the field of medicine or an agriculture graduate become a farmer or researcher is also passé. Today's graduates do not look at degrees as career limitations. They want the sky open to them. They want the choice to go into administration, research or entrepreneurship, irrespective of what degree they take. We need to understand this.

Another big transition in our education is the large number of female students in our colleges. Even in agricultural colleges, earlier a male domain, 70 per cent of the students are now female.

Q/ How would you rate the quality of Indian higher education?

A/ We have been able to meet the demand for colleges. There are nearly 1,000 universities and 40,000 colleges in India, almost on par with China. We, however, need to have good quality standards. China is doing this, integrating institutes and developing them to be top class.

Our private sector has all types of institutions. But to develop them, we need to put money into education,

and yet, give institutions enough autonomy. If their research is tied to funding, how will they grow? I believe the growth will be more in private institutions. Most public institutions today are only running on past glory. We need to have a serious rethink on how to fund these colleges before they become sick. Look at JNU, where even hostels are subsidised on taxpayers' money. That is not how higher education should be funded.

Q/ What are your suggestions for becoming world-class?

A/ First, we need to change our idea of world-class. Getting a ranking from an international agency is no validation. That system of ranking is developed for western institutions, which cater to the needs of their society. Our institutions should first cater to the needs of our people. You become world-class not by replicating another world-class [institution]. You become one when you are so good in your area that there is no other like you. Be original. Why would anyone go to a place that is like Harvard, when they can go to Harvard?

I believe my university is the best in its class. It is producing high-quality seeds for the farmers in the country, even if it does not fit into a world ranking. We need to develop this pride in ourselves. Many of our technological institutions are better than foreign ones but are not projected that way.

Q/ Teachers need to change, what about students?

A/ Today's youth is much smarter and more intelligent. They are savvier than their teachers, perhaps the first such generation to be so. Of course, they are more comfortable with technology than the older generation, but even otherwise, they are a smarter lot. I have great admiration for today's generation. ●

RESEARCH METHODOLOGY

THE WEEK and Hansa Research conducted the Best University Survey 2020 to rank the best multidisciplinary and technical universities in the country. Universities recognised by the UGC, offering full-time postgraduate courses in at least two disciplines, and having graduated at least three postgraduate batches were eligible.

A primary survey was conducted with 255 academic experts, spread across 15 cities. They were asked to nominate and rank the top 20 universities in India.

Perceptual score for a university was calculated based on the number of nominations by experts and the actual ranks received.

For factual data collection, a dedicated website was created and the link was sent to more than 600 universities. Fifty-one universities responded within the stipulated time; two were rejected as they did not meet the eligibility criteria.

Factual score was calculated using the information collected from universities and other secondary sources on age and accreditation, infrastructure and other facilities, faculty, research and academics, student intake and exposure, and placements (only for technical universities).

Composite score = perceptual score (out of 400) + factual score (out of 600)

Some universities could not respond to the survey. For these universities, composite score was derived by combining the perceptual score for the university with an interpolated factual score based on their position in the perceptual score list.

Divide and earn

Asset allocator funds execute the triple 'right' strategy to create wealth over the long term

BY ABHIMANYU SHARMA

perform and which will not. The key is allocating more money to the right asset, while lowering the exposure to others.

So, in order to maximise gains, one has to have the right allocation in the right asset at the right time. Investment products like asset allocator funds that successfully execute the triple 'right' strategy are able to create sizeable wealth over the long term. Also, they smoothen the investing experience by being less volatile.

Asset allocator fund

The typical reaction of investors when an asset class corrects is that of fear. Similarly, investors become euphoric when asset prices rise sharply. If Warren Buffett's golden words of 'be fearful when others are greedy and be greedy when others are fearful' are practised, then you would realise the typical investor reaction described above is exactly the opposite.

To practise disciplined investing across assets, one needs to have an efficient model that follows time-tested rules. This is exactly what an asset allocator fund does. It is easy to say buy low, sell high for equity allocation, but it is difficult to implement. What is low? What is high? When do you enter and exit? Should you allocate to equity or debt? Will you

IMAGINE SWITCHING on the television to catch the exact moment your favourite batsman hits the century. What if you have a knack for accurately predicting how things shape up? Magical, isn't it? Like in cricket, successful investing is all about knowing which asset will

miss the rally if you redeem? All these questions are easily answered when you have an asset allocation fund in place, which also emerges as an all-weather solution for investors who are willing to stay invested for the long term.

Asset allocator funds predominantly invest in equity and debt. A good asset allocator fund tries to achieve the optimum allocation of debt and equity based on the relative attractiveness of the asset classes. In order to achieve an unbiased view on asset class allocation, several funds tend to use models based on which investment decisions are taken. Such model-based approach ensures that human emotion, which could play spoilsport, is always kept at bay.

Over the last decade, we have seen different events taking centre stage. When Indian markets corrected in 2008, most of the investors sold their equity holdings. By 2015, when markets rallied sharply, very few were ready to sell. And when markets reached peak valuation across market capitalisations in January 2018, investors expected the rally to continue and generate even more returns. This clearly shows that it is very difficult for a lay investor to take prudent decisions. This is where asset allocation funds come in handy. These funds are designed to remain objective in such situations.

When investing in an asset allocation fund, an investor gets the benefit of an actively managed portfolio with the investment corpus diversified across asset classes, constant monitoring and re-balancing, better risk adjusted returns and tax benefits.

Why invest now

Over the past three months, equity markets have moved over 36 per cent, creating one of the sharpest rallies ever. Now, it is time to take a prudent step when investing for the long term. Markets are no longer cheap as they were three months ago. So, it is time to go for a fund which will help an investor stay ahead of the curve. And one fund which helps an investor achieve this is the ICICI Prudential Asset Allocator Fund. Historically, this fund has proven that it has the capability to stay ahead of the curve.

Helping the fund managers decide the optimal asset allocation is an in-house model which has been successfully put to use over the past several years. Between March 2020 and May 2020, an investment of ₹10 lakh would have become ₹28 lakh, about 27 per cent more than Nifty 50. This clearly shows that sticking to the right asset allocation and the right fund matters.

Subject: Review of the functioning of **Vignan's Foundation for Science, Technology and Research (Deemed to be University), Vadlamudi, Guntur Dist. – 522213, Andhra Pradesh.**

Sir,

The Commission in its 536th meeting (Item No. 2.03) held on 14th November, 2018 considered the report of the UGC Expert Committee which visited your Deemed to be University during **27-29th September, 2018** to review its functioning, and recommended continuation of the Deemed to be University status to **Vignan's Foundation for Science, Technology and Research (Deemed to be University), Vadlamudi, Guntur Dist. – 522213, Andhra Pradesh.**

However, the Expert Committee has made certain suggestions to bring about qualitative improvement in the programmes offered by your Deemed to be University. You are requested to take note of these suggestions and submit the compliance report to the UGC within six months. A copy of the UGC Expert Committee report is enclosed for your perusal and reference please.

Yours faithfully,

(Kundla Mahajan)
Under Secretary

118	LNCT Indore
119	Anurag Group Of Institutions, Hyderabad
120	Sreenidhi Institute Of Science And Technology, Hyderabad
121	Delhi College Of Technology & Management, Delhi
122	Velagapudi Ramakrishna Siddhartha Engineering College, Vijayawada

Optimal Media Solutions

partnered with i3 Research Consultants to conduct its third Engineering Institute 2016 survey to determine the top engineering institutes in India.

i3RC Times Top 150 Engineering Institute Rankings 2016

Overall Ranking

Top 1-50 Engineering Institutes	
Rank	Engineering Colleges
1	IIT Kharagpur
2	IIT Guwahati
3	IIT Bombay
4	IIT Delhi
5	SRM Institute of Science and Technology, Chennai
6	BITS Pilani, Pilani
7	Delhi Technological University (DTU), Delhi
8	IIT Gandhinagar
9	IIT Roorkee
10	Visvesvaraya National Institute of Technology (VNIT), Nagpur
11	National Institute of Technology (NIT), Durgapur
12	Netaji Subhas Institute of Technology (NSIT), Delhi
13	Amity School of Engineering & Technology, Noida
14	BMS College of Engineering, Bangalore
15	IIT-BHU, Varanasi
16	National Institute of Technology (NIT), Rourkela
17	IIT Ropar
18	Vishwakarma Institute of Technology (VIT), Pune
19	Manipal Institute of Technology, Manipal
20	BIT, Mesra, Ranchi
21	Indian Institute of Information Technology (IIIT), Allahabad
22	National Institute of Technology (NIT), Warangal
23	National Institute of Technology (NIT), Mangalore
24	Govt. College of Engineering (COEP), Pune
25	Sardar Patel College of Engineering, Mumbai
26	Jawaharlal Nehru Technological University (JNTU), Hyderabad
27	Maharashtra Institute of Technology (MIT), Pune
28	Vellore Institute of Technology (VIT), Vellore
29	Manav Rachna University, Faridabad
30	D Y Patil Group's: Ramrao Adik Institute of Technology, Navi Mumbai

Rank	Engineering Colleges
80	P.E.S. Institute of Technology, Bangalore
81	Kasegaon Education Society's Rajarambapu Institute of Technology, Sangli
82	Acharya Institute Of Technology, Bangalore
83	SCMS School of Engineering & Technology (SSET), Kochi
84	Tula's Institute (the Engineering & Management College), Dehradun
85	Siddaganga Institute of Technology, Tumkur
86	Sanjay Ghodawat Institute of Technology, Management and Research, Kolhapur
87	Vignan's Foundation For Science Technology And Research University, Guntur
88	BIT Sindri, Sindri
89	Veer Surendra Sai University of Technology, Sambalpur
90	SVKM's NMIMS ,Mukesh Patel School of Technology Management & Engineering, Mumbai
91	College of Engineering, Andhra University, Vishakhapatnam
92	Government College of Engineering, Amravati
93	Maulana Azad National Institute of Technology (MANIT), Bhopal
94	College of Engineering, Thiruvananthapuram
95	National Institute of Technology (NIT), Silchar
96	Government college of Engineering, Aurangabad
97	Institute of Aeronautical Engineering, Hyderabad
98	Medi- Caps Institute of Technology and Management Engineering, Indore
99	SAL Institute of Technology & Engineering Research, Ahmedabad
100	Rizvi College of Engineering, Mumbai
101	Pimpri Chichwad College of Engineering, Pune
102	Bangalore Institute of Technology, Bangalore
103	Birla Institute of Technology, Patna
104	Dr. Ambedkar Institute of Technology, Bangalore
105	Sharda University, Greater Noida
106	Kakatiya Institute of Technology & Science, Warangal
107	Sri Sivasubramaniya Nadar (SSN) College of Engineering, Chennai
108	Christ University, Bangalore
109	Institute of Engineering and Science, IPS Academy, Indore
110	Pune Institute of Computer Technology, Pune
111	University Visvesvaraya College of Engineering, Bangalore
112	Hindustan Institute of Engineering Technology (HIET), Chennai
113	Madras Institute of Technology, Chennai
114	Vasavi College of Engineering, Hyderabad
115	Walchand Institute of Technology, Solapur
116	Hindustan College of Science & Technology, Mathura
117	BRAC'S Vishwakarma Institute of Information Technology, Pune
118	Shri Ram Institute of Technology, Jabalpur
119	Sethu Institute of Technology, Virudhunagar
120	Institute of Engineering and Technology, Indore
121	S V University, College of Engineering, Tirupati
122	Netaji Subhas Institute of Technology (NSIT), Patna
123	Don Bosco Institute of Technology, Mumbai
124	National Institute of Technology (NIT), Jamshedpur
125	National Institute of Technology (NIT), Raipur
126	G L Bajaj Insitute Of Technology and Management, Greater Noida
127	Bhilai Institute of Technology, Durg
128	Dhole Patil College of Engineering, Pune
129	Reva Institute Of Technology & Management, Bangalore
130	PRIST University, Thanjavur
131	G.H. Patel College of Engg & Technology, Vallabh Vidyanagar
132	Graphic Era Institute of Technology (GEU), Dehradun

Certificate

Standard **ISO 9001:2008**

Certificate Registr. No. **85 100 001 12207**

Certificate Holder: **Vignan's Foundation for Science,
Technology & Research University**
Vadlamudi Post, Chebrolu Mandal,
Guntur District – 522 213, Andhra Pradesh, India.

Scope: Providing Educational Services leading to:
Bachelor of Technology in: Biotechnology, Chemical Engineering, Civil Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Information Technology, Mechanical Engineering, Mechatronics, Automobile Engineering, Textile Technology, Agricultural Engineering, Petroleum Engineering, Electronics and Computer Engineering, Food Technology, Bioinformatics.

Master of Technology in: Biotechnology & Bioprocess Engineering, Chemical Engineering, Food Processing Technology, Computer Science and Engineering, Power Electronics and Drives, Power Systems, Embedded Systems, VLSI Design, Data Communication & Networking, Machine Design, CAD/CAM/CAE, Thermal Engineering, Automobile Engineering, Structural Engineering, Computer Networks and Information Security.

BBA + MBA/BCA Integrated Programme, Master of Business Administration, Master of Computer Applications.

Ph.D in Engineering, Science and Humanities.

Proof has been furnished by means of an audit that the requirements of ISO 9001:2008 are met.

The due date for all future audits is 26 - 12 (dd.mm).

Validity: The certificate is valid from **2016-05-19** until **2018-09-14**.
First Certification 2013-03-01.

Bangalore 2016-05-19

The Certification Body of
TÜV Rheinland (India) Pvt. Ltd.

9/03/NABCB/00

The validity of this certificate is subject to timely completion of Surveillance audits as agreed in the Contract.
The Validity of the Certificate can be verified under www.tuv.com with the Identification No. 9105072039

CIN: U72501KA1996PTC020653
