

## **Guest Lecture on Advances in Robotics**

A guest lecture has been organized by the department of Mechanical Engineering on "Advances in Robotics" on 6 September at Sravanthi Seminar Hall. Mr. Aditya Marathe, Business Head, Nugenix Pvt. Ltd, and Bangalore had visited the department and delivered his speech. Working of an advanced 6 DoF Knova robotic arm which has wide applications in manufacturing industries has been demonstrated in the lecture session. Mr. Aditya has emphasized on the importance of robotics given their daily domestic and industrial applications and motivated students to take projects in this area. Mr. Aditya was felicitated by the department officials for his expert talk and motivation.
